

DESCRIPTION

Popular with universities, schools and colleges and in boardrooms, seminar rooms, conference centers and hotels. Showcasing AV & IT capabilities, it offers input panels with USB C, ETHERNET, AND HDMI inputs. Smart cable management system keeps cables neatly stored.

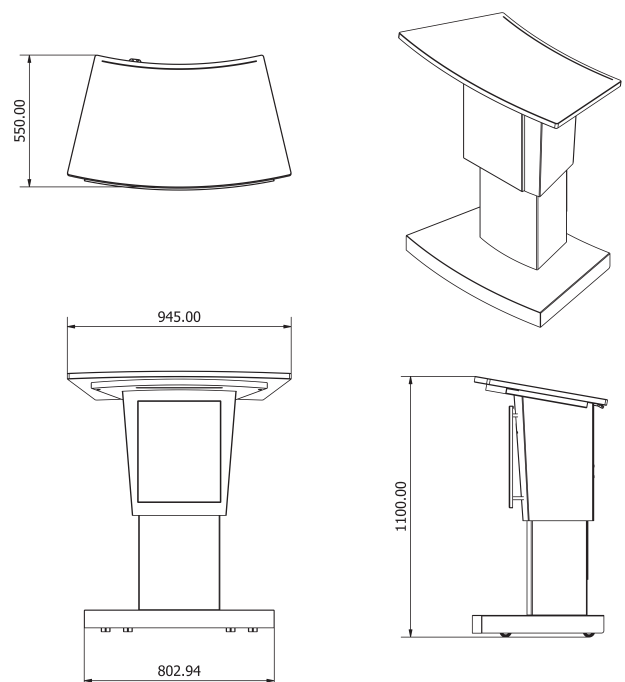

Electric height adjustment ensures you present in maximum comfort. The generously sized, inclined bench top gives you all the room to spread your presentation material. Enjoy the convenience of a cup holder located within easy reach on the column. Castor wheels allows for easy maneuverability around a stage and can be locked into place when in use.
