DESCRIPTION

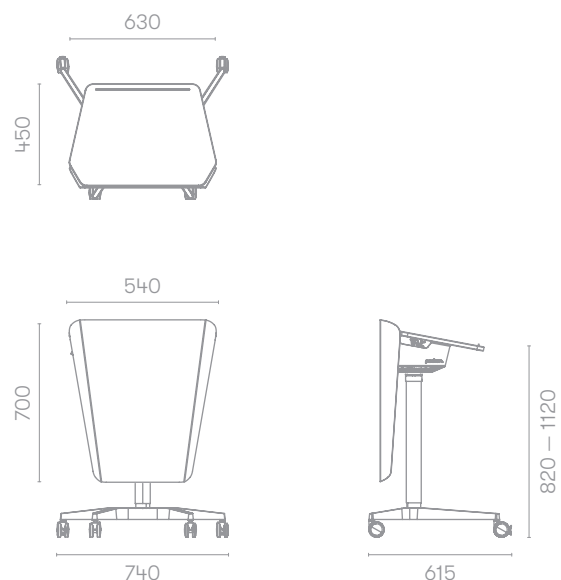

A mobile gas-lift lectern that functions as both a presentation lectern and a sit-stand desk.

Its lightweight design, compact footprint and adjustable height make it ideal for shared, multi-purpose spaces where mobility and flexibility are key. Ideal for classrooms, training rooms, meeting rooms, workshops, conference breakout spaces and concierge or check-in areas.

KEY FEATURES

- Gas-lift height adjustable
- Inclined worktop with metal rail paper stop
- Mobile base with locking castors
- Built-in storage compartment

DIMENSIONS

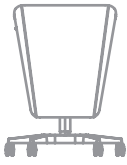

Note: Diagram is set to lowest height.
