### TILTING TABLETOP

The 780mmW x 400mmW adjustable top switches between a flat surface for writing or typing and an 60° angle for reading or drawing.

Laminated MDF top offers a scratch resistant surface that resists moisture and staining, guaranteeing easy maintenance and longevity. Curved design eliminates sharp corners for safety.

### STORAGE SHELF

The strategically placed shelf provides discreet storage, ensuring items remain accessible yet unseen by the audience. A perforated privacy shield enhances the modern look of this lectern.
