

PODIUM LECTERN

Crafted from aluminum, POD-P is strong yet lightweight, perfect for easy transportation between venues. Its powder-coated finish ensures durability.

Featuring a curved, angled benchtop, with optional accessories like LED reading lights and dual shock-mounted microphones, this lectern offers enhanced functionality. Plus, it can be transformed into a premium advertising space with vinyl wrap signage.

Upgrade your event or conference with the sleek and practical design of the POD-P Lectern.
