# MML-CC PODIUM LECTERN

Equipped with dual monitors, simply connect your external device to the HDMI ports to send high-definition digital audio and video to each monitor.

The column features storage shelves, a pair of 4RU 19" racks and smart cable management for the neat and secure storage of all rack and non-rack mounted equipment.

Racks are adjustable; positioned at the top, centre or bottom of the column. An additional 4RU rack can be added to boost the storage capacity to 8RU.

Expands your work surface for a laptop, keyboard and any other working peripherals with the pull out keyboard shelf and slide out shelf.
