PRODUCT SPECIFICATIONS

Height:	Electronically adjustable, 755 – 1055mm
Logo Panel:	1400mmW x 450mmH
Bench Top:	1400mmW x 700mmD
Footprint:	1400mmW x 740mmD
Weight:	170kgs
Materials:	Painted MDF Bench Top Steel Body

(Custom finishes available on request.)

DESCRIPTION

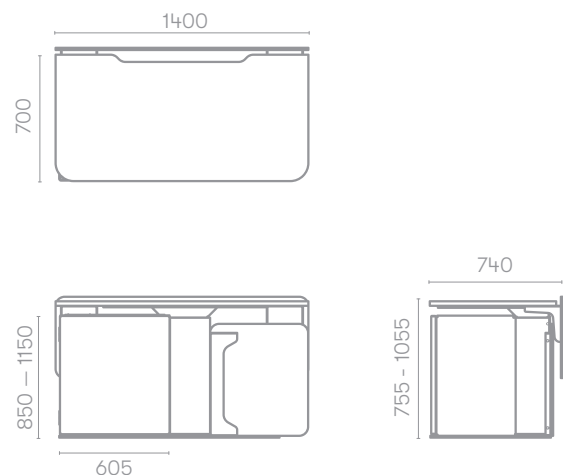

A height-adjustable, wheelchair-accessible multimedia workstation, available as a wall-positioned teaching workstation or as a lectern with logo panel.

When positioned against a wall, the TDP-EV functions like a touchdown point. Educators can spend time at the workstation to connect devices, manage content or control AV systems, then move away to interact with students elsewhere in the room.

KEY FEATURES

- Electronic height adjustment
- 12RU Roll-in Rack
- Concealed cable management

12RU ROLL-IN RACK

A ventilated equipment cabinet houses a 19" roll-out AV rack on castors to accommodate both rack-mounted and non-rack AV equipment. The cabinet features a lockable access door and cable knockouts for streamlined AV and IT integration and ongoing maintenance.

WHEELCHAIR ACCESSIBILITY

Its desk-like, open-front design allows a wheelchair user to comfortably roll in and out beneath the worktop, with height adjustment to suit different users and teaching styles.

PRODUCT RANGE

TDP-EV-IS-L

TDP-EV-IS-R

TDP-EV-L

TDP-EV-R

Left and right orientation is based on which side the racking cabinet is from the presenter's view.

OPTIONAL ACCESSORIES

- Monitor Arms
- Battery Charger Holder
- Goose-neck Clamp
- Goose-neck Microphone
- LED Reading Light
- USB & GPO Outlets
